

ENHANCED EVIDENCE  
MANAGEMENT SOLUTIONS  
FOR TIBURON USERS

## CUSTOMER QUOTES

"With FileOnQ we instantly have access to all the reports, files and statics needed for proof of compliance to meet all CALEA accreditation standards."

- *Littleton Police Department, CO*

"OMG I have never seen such a clean evidence system. It was like the heaven's opened and I could hear the angels singing 'Hallelujah!'"

- *Orland Police Department, CA*

"We needed a state of the art system that would accommodate our department's needs. After numerous inquiries and comparisons, we decided EvidenceOnQ™ was the best system."

- *Idaho Falls Police Department, ID*

# TIBURON®

## EvidenceOnQ

Crime Scene to Court Room

**COMPLETE AND SEAMLESS DATA SHARING**  
BETWEEN EVIDENCEONQ AND TIBURON  
GIVING YOU THE BEST OF BOTH WORLDS ...

**FILEONQ INC.**

832 Industry Drive Seattle, WA 98188 \_Tel: 800-603-6802 \_Fax: 206-575-3927

*Enhanced and Customizable  
Evidence Management, Reporting,  
and Much More...*

Fully customizable solution for managing your evidence...crime scene to court room.

## BENEFITS

- **Enhanced Custom Reporting:** EvidenceOnQ's built in reporting capabilities allow agencies to create and access an unlimited number of customizable reports. Reports that meet the needs of Crime analysis, UCR reporting, NCIC reporting, impounded vehicles, State or Federally mandated reporting and *much more*.
- **Fully Customizable:** We give you complete control over the design of the home screen and the fields you want on it; along with the flexibility to modify it at anytime.
- **Streamlined Purging & Disposition:** Purging projects that took days or weeks now take only minutes with our built in search, retention review and reporting tools.
- **Flexible Barcoding:** Users can create their own customized barcodes quickly and easily along with the capabilities to read existing Tiburon barcodes.
- **Powerful Searching:** User can easily search by using any field or combination of fields.

## OUR COMMITMENT

FileOnQ™ is committed to providing a seamless integrated experience between EvidenceOnQ™ and Tiburon that enhances an agencies evidence management capabilities. Our evidence management solution does not replace the Tiburon System but rather integrates with it to give the user even greater flexibility, control and power over their property and evidence and reporting capabilities.

We commit to work with any agency and existing system to provide them the tools, support and functionality they need to enhance and improve their current evidence management capabilities. Ultimately, adding even greater value and flexibility for Tiburon users.

## OVERVIEW

**Complete and seamless Integration** allows existing Tiburon tables, fields and barcodes to be used by EvidenceOnQ™ along with complete sharing of data.

**Seamlessly share existing or new data** between the Tiburon System and EvidenceOnQ™ using FileOnQ's built in import/export module. This module allows Tiburon to push data into EvidenceOnQ™ or allow EvidenceOnQ™ to push data out. This can occur automatically or on demand, allowing the system to exchange data when and where you want.

crime scene to court room

"Our personnel and staff in both the city and county departments have much more capability than they have ever had before in regard to property and evidence."
